## Hello Parents!

Welcome to the 2021 - 2022 school year. We hope that you are just as excited as us to start this year off right!

For those of you who are new to the facility or have not met us yet, we want to start off by introducing ourselves. The Kidz Lounge is a private female owned family based center. We offer occupation, physical and speech therapy services to help your children develop and master their fine motor, gross motor and communication skills. Our licensed professionals are truly dedicated to your children and helping them achieve their goals while also having fun! We provided services in home, school and center based settings.

## How are services being provided?

If your child receives services through the NYC DOE it is currently mandated that all services are provided in-person. The Kidz Lounge will be keeping all of our current COVID-19 safety measures in place. This includes:

- Staff and parents wearing masks and utilizing hand sanitizer upon entering the facility
- Encouraging children who are able to tolerate wearing masks to do so
- COVID Screening upon entering facility
- Implementing addition hand washing/hand sanitizer use
- Cleaning protocols throughout our facility, especially toys/equipment between uses
- Therapy sessions will be conducted in assigned rooms and/or in larger rooms to ensure social distancing

### Tele-therapy Services?

It is our current understanding that the NYCDOE is not encouraging remote services. For parents wanting remote services, if your are authorized, please forward that email from the NYCDOE to the Kidz Lounge email address and we shall honor it, if our schedule allows.

**The Kidz Lounge is open: Monday through Saturday.**

Each service and therapist has their own schedule. The last session scheduled is 6:30 pm unless other arrangements are made. Please call the office for availability.

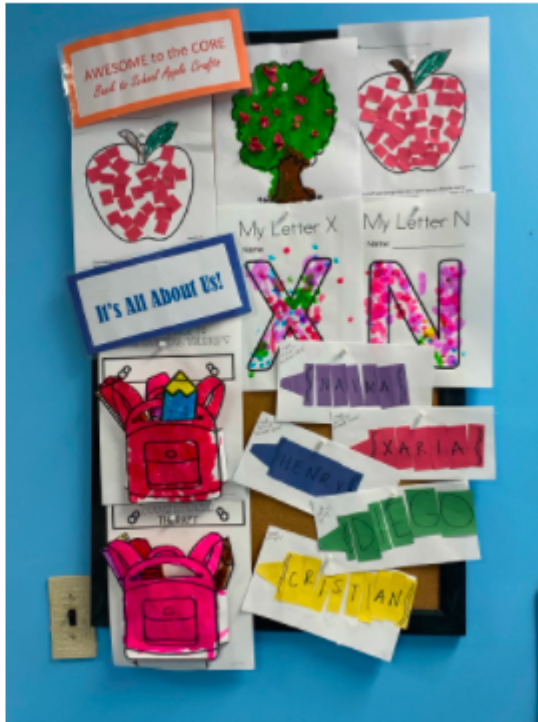

**Are you having concerns about your child's development, however are unsure if they would benefit from services?**

We now offering FREE 10 - 15 minute phone consultations to assist you in deciding whether or not your child would benefit from either occupational, physical and/or speech therapy. Please go to email us to schedule your consultation.

## Look What We Have Been Up To . . .

Our therapist have jumped right into the new school year with incorporating Back to School activities and crafts. These themed activities will be conducted during occupational, physical and speech therapy sessions and will be displayed in our waiting room. We cannot wait for you to see how excited your children are to see and show you their artwork. Take a peek at our current display of "Awesome to the Core" and "All about Us" crafts!

**REMEMBER!**  
Follow Us on  
Facebook and Instagram!
